EDUCATION

Ramachandra College of Engineering	Eluru, Andhra Pradesh
B Tech in Artificial Intelligence & Data Science (AIDS)	*2022 – 2026 (Expected)*

WORK EXPERIENCE

SmartBridge Internship	May 2025 – June 2025
AI Intern – Smart Sorting Project	*Online*

- − Developed smart object sorting system using Deep Learning and Flask.
- − Built interactive UI using HTML, CSS and integrated model with Flask.

Blackbucks Internship	Mar 2024 – Apr 2024
Paid Internship – AIML + Data Science	*Online*

- − Worked on real-world datasets, implemented ML models for classification.
- − Practiced weekly submissions and peer-reviewed projects.

PROJECTS

Resume Builder (MERN Stack)	2025

- − Built resume creation app with ATS scoring, Google/GitHub login, and export. [GitHub]

Fruit & Vegetable Disease Detector	2025

- − Classifies rotten vs healthy produce via DL Flask app using MobileNetV2. [GitHub]

Fake News Detector	2025

- − Detects fake news using TF-IDF and Logistic Regression. [GitHub]

Smart Career Chatbot	2025

- − NLP chatbot that suggests career paths based on user input. [GitHub]

WORKSHOPS & HACKATHONS

AI/ML, DL, Web Development , Mobile Application Development	2023 – 2025
Attended 5+ hands-on workshops	*Ramachandra college Eluru, Online*

- − Trained in deep learning, mobile dev, web frameworks, and AI basics.

24-Hour Hackathon – Brainovision	March 2025
Top Participant – 2nd Hand Electronics Platform	*Ramachandra College Eluru*

- − Developed full-stack website for second-hand electronics sale with team.

SKILLS

- **Languages:** Python, C, JavaScript, HTML, CSS, SQL
- **Frameworks & Tools:** Flask, React, Express.js, MongoDB, TensorFlow, Git, Netlify, Render
- **Soft Skills:** Team Leadership, Communication, Self-learning

CERTIFICATIONS

- C, Java, Python, JavaScript, HTML, CSS, R
- React, MERN Stack, Machine Learning, Deep Learning
- Django, ServiceNow, AWS Cloud, Data Science
